

World Ocean Day - June 8th

AGREEMENT TO CARE FOR THE OCEAN

Help care for our oceans by participating in World Ocean Day-June 8th

The easiest way to take care of the ocean is to pick up litter. This could be done at the beach or just about anywhere!!! Remember, our winds and rains carry litter to our streams and our streams feed our oceans.

On June 8th make an extra effort to pick up some litter, recycle, conserve water, conduct a community project, and let your friends know about the need to care for our ocean.

Do you know how long it takes rubbish to disintegrate?????

Cigarette Butts – 1 to 12 years
Plastic Bags – 10 to 20 years
Aluminum Cans – 80 to 100 years
Glass Bottles - 1 million years
Plastic Bottles – Forever

Each person can make a difference in saving the ocean!

(Either print, sign, and mail, or **email us** to let us know that you're pledging to do your part!)

By signing this agreement, I pledge to do my part to take care of the ocean on World Ocean Day - June 8th, 2004. Please indicate:

City: _____ State: _____ Organization: _____

1. _____ 2. _____

3. _____ 4. _____

5. _____ 6. _____

7. _____ 8. _____

9. _____ 10. _____

11. _____ 12. _____
